ADIRONDACK POWER & LIGHT CORP.
1st & Ref. 6s. Due March 1. 1950.

Dated March 1, 1920. Interest payable March 1 and Sept. 1 at New York Trust Co., New York.

Tax Status—2% Federal Income Tax paid by the company without deduction.

Authorized .....Unlimited
Outstanding (Jan. 1, '21).....$8,120,000
Reserved for Prior Liens..... 5,000,000

Provisions of Issue—Further bonds may also be issued against 80% (until the total of bonds issued under this and underlying mortgages amounts to $50,000,000, and thereafter may only be issued against 75%) of the fair value or cost, whichever is less, of property acquired subsequent to March 1, 1920, but only when the net earnings for twelve consecutive months within the preceding fifteen months shall have been not less than (a) 1¾ times the annual interest charges upon all bonds already outstanding under this identure, including those proposed to be issued, and all outstanding divisional lien bond not deposited with the Trustee; or (b) 10% of the aggregate principal of all such bonds if the latter amount is greater.

Future bonds may be issued in other series than these 6s due 1950 and may have such interest rates, callable terms and in general may have such due dates, etc., as the directors may from time to time determine, save only that bonds having a maturity earlier than any then outstanding are very carefully limited in amount by the terms of the mortgage.

The mortgage provides that for the next three years 12½% of gross, to provide for maintenance, repairs and renewals, must be deducted from the income of the company before arriving at the net earnings against which the interest on bonds is calculated as a basis for bond issuance. This percentage continues unless under the terms of the mortgage it is re-stated by a board of arbitration.

Purpose of Issue—$5,620,000 of these bonds together with $1,200,000 preferred stock and an amount of common equal to the amount given to Adirondack Electric Power Corp. common shareholders were issued to the General Electric Co. in exchange for the stock of the Mohawk Edison Co. $51,000 bonds issued for new property. Additional bonds have been issued for additions to the properties.

Denomination—Coupon, $1,000 and $500; registerable as to principal. Registered $1,000. C. & R. ($1,000) interchangeable.

Trustee—Guaranty Trust Co., New York.

Redeemable on any interest date on or before March 1, 1925, at 107½ and interest, thereafter to and including March 1, 1930, at 106½ and interest, and so on, reducing 1% every five years, to and including March 1, 1949; thereafter at 101½ and interest.

Organization and Control—Incorporated in New York in 1920 and is a consolidation of two large hydro-electric properties in central New York, viz: The Adirtndack Electric Power Corp. and the Mohawk Edison Co., Inc., both of which operated in the same general territory. The latter company itself represents a merger of five seperate properties. The General Electric Co. owns approximately 50% of the common stock.

Capitalization.	Outstanding.
Common	$9,500,000
Preferred (7% cum.).....	4,300,000
Funded debt	13.171,000

Secured by a first mortgage on all the properties of the former Mohawk Edison Co., Inc., which includes hydro-electric plants with an installed capacity of 21,590 k.w., 56 miles of steel tower high tension line, four distributing systems and the company's largest gas system, which is in Schenectady. This company's plants also supplied electric light and power in Schenectady and Amsterdam.

A second lien on the properties of the Adirondack Electric Power Corp., which company's plants supplied electric light and power in Watervliet, Oneida, Saratoga Springs and other communities, and a large portion of the electric business in Glens Falls, also plants supplying gas in Saratoga Springs and Oneida; also 244 miles of high tension transmission line.

In addition to the operations above indicated the new company furnishes under long time contracts all of the electricity used by distributing companies in Troy and Mechanicsville, and by electric railway systems in and about Albany, Schenectady, Troy, Utica and Rome, including practically all the interurban roads in the territory. The combined properties of the company include hydro-electric plants on the Hudson and Hoosic Rivers and East Canada Creek, having a total present installed capacity of over 50,000 k.w.; steam plants with a capacity of 6,750 k. w. (50,200 k.w. steam plants, not owned, are connected under long time contracts providing for the purchase of relay power); 300 miles of high tension transmission lines with 21 sub-stations; and three gas systems with a total of 150 miles of mains.

AMERICAN AGRICULTURAL CHEMICAL COMPANY (The) 1st Ref. S. F. 7½s, Series A. Due Feb. 1, 1941.

Dated Feb. 1, 1921. Interest payable Feb. 1 and Aug. 1, at offices of Lee, Higginson & Company, New York, Boston and Chicago.

Tax Status—2% Federal Income Tax paid by the Company without deduction.

Authorized—See "Issuance Restrictions."

Outstanding ..... $30,000,000 A

Issuance Restrictions—Bonds are issuable under this mortgage in series. Future series may bear such rate of interest, mature at such times, be callable at such prices, have such convertible or tax provisions and be payable in such currencies and at such places as may be determined by the Board of Directors at the time of issue.

The total authorized issue is restricted as follows:

The total Mortgage Debt shall never exceed 75% of the value of the mortgaged property, based upon the book valuation as of June 30, 1920, plus the actual cost or fair value (whichever may be the less) of property subsequently acquired subject to the mortgage.

The total combined net assets of the Company and its subsidiary companies, after deducting all liabilities except Funded Debt, shall equal at least 250% of the entire Funded Debt, including bonds proposed to be issued.

No further First Refunding Mortgage Bonds shall be issued unless the average annual net earnings for the last three fiscal years, applicable to interest charges, shall have been at least twice the annual interest charges on the Funded Debt outstanding including the bonds proposed to be issued.

Purpose of Issue—The proceeds of those bonds will be used (a) to retire, by call or purchase, the outstanding $5,035,900 Convertible Gold Debenture Bonds of the Company due Feb. 1, 1924, and (b) to provide additional capital required for the increasing demands of the Company's business.

Organization—Incorporated in New Jersey in 1899 as a consolidation of six of the leading chewing gum manufacturers of the United States, viz.: Adams & Sons Co., Brooklyn, N. Y.; Beeman Chemical Co., Cleveland, O.; S. T. Britten & Co., Toronto, Canada; Kisme Gum Co., Louisville, Ky.; J. P. Primley, Chicago, and W. J. White & Son, Cleveland. On Aug. 1, 1914, acquired by purchase the Sen-Sen Chiclet Co., in which it had formerly owned a controlling stock interest, securing by this purchase all the trade-marks and copyrights of Curtis & Son Co., T. B. Dunn Co., After Dinner Gum Co., Frank H. Fleer & Co., Inc., Grove Co., Sen-Sen Co. (London, Eng.), and C. R. Somerville, London, Canada. In 1916 purchased the assets of the Sterling Gum Co., Inc. The company owns and operates factories at Long Island City (N. Y.), Cleveland, San Francisco, Kansas City (Mo.), Chicago, Portland (Me.), and Rochester (N. Y.). It also operates leased plants at Long Island City and Rochester, N. Y. The company controls through concessions from the Guatemalan and Mexican governments and British Honduras over 5,000,000 acres of chicle producing lands.

The products of the company include such well-known brands of chewing gum as Adams Black Jack, Beemans Pepsin, Adams Yucatan, Adams California Fruit, Adams Pepsin, Adams Kis-me, Adams Chiclets and Adams Clove. The company also owns the Sen-Sen formula and produces the well-known Sen-Sen Breathlets. Through extensive advertising, these products are known in this country, Great Britain, Canada and throughout the world.

Security—A direct obligation of the company, but not secured by a mortgage.

Under the Trust Agreement securing these notes, the company covenants that, while any of the notes are outstanding:

It or any of its subsidiary companies will not mortgage or pledge any assets now owned or hereafter acquired, except customary borrowings in the usual and ordinary course of business, and except that it may issue purchase money obligations for an amount not exceeding 75% of the actual value of the acquisition, or pledge up to 75% of the cost of any new construction on unimproved real estate now owned (excepting, however, upon the premises for the improvement of which these notes have been issued). The value of any property so acquired and of such additional construction is to be determined as provided in the Trust Agreement.

It or any of its subsidiary companies will not issue or permit to be issued any further notes or other evidences of indebtedness (except customary borrowings in the usual and ordinary course of its business), unless provision is made for the payment or redemption of this issue:

It or any of its subsidiary companies will not assume or guarantee the debt or obligations of any other corporation, partnership or individual except with the provision that the funded obligation so assumed shall rank after these notes as a debt of the company or its subsidiaries.

It will at all times maintain its Net Current Assets as defined in the Trust Agreement, at not less than 150% of the principal amount of these notes outstanding.

Security—A direct obligation of the company, but not secured by a mortgage. Under the provisions of the trust agreement the company covenants as follows:

That it will not issue any further notes or other evidences of indebtedness (except for borrowings in the usual course of its business, maturing not later than one year from their date), unless prior to or contemporaneously therewith, provision is made for the payment or redemption of these notes.

That it will not authorize the operating companies to increase in the aggregate their present outstanding bonded indebtedness, except to the extent of 50% of the actual cash cost of additions, extensions or improvements to their properties.

That it will not sell, assign, transfer or otherwise dispose of its ownership in any of the shares of stock of the ten principal operating companies, unless a proportion of the proceeds thereof, as specified in the trust agreement, shall be applied to purchase or redemption of the notes or pledged as security therefor.

As security for the fulfillment of the covenants contained in the trust agreement, the company will deposit with the Trustee certificates of capital stock of the St. Paul Gas Light Company aggregating $4,348,700 par value, comprising more than 99.9% of its outstanding stock, and certificates of the capital stock of the Milwaukee Gas Light Company, aggregating $4,863,300 par value comprising more than 97% of its outstanding stock.

Organization—Incorporated in New Jersey in 1900 as a consolidation of the American Railways Co. and the United States Electric Ry. & Ltg. Co. Controls companies operating about 600 miles of street and interurban railway, located in and around the following cities: Altoona Pa.; Bridgeton, N. J.; Joilet, Ill.; Lynchburg, Va.; Huntington, W. Va.; Roanoke, Va.; Springfield, Ohio; Dayton, Ohio; Scranton, Pa.; and Wilmington, Del. In December, 1913, the Company sold its holdings in the Johnstown Passenger Ry. Co. to the Johnstown Traction Co. $758,000 of the $1,000,000 preferred stock and $8,000 of the $1,000,000 common stock of the latter company is owned by the American Rys. Co. On January 1, 1916, the American Rys. Co. acquired the entire $4,060,000 common stock of the Wilmington & Philadelphia Traction Co. which company controls through stock ownership and leases companies owning 137¼ miles of street and interurban track in and connecting Wilmington, New Castle and Delaware City, Del., and Chester and Media, Pa., and doing the electric light and power business in Wilmington, New Castle, Delaware City and Newark, Del., the southeastern part of Delaware County, Pa., and Elkton, Chesapeake City, Md. No bonds are to be issued against the stock of the latter Company.

Capitalization.	Outstanding.
Common	$9,460,000
Preferred (7% cum.)	4,000,000
Funded debt	17,151,125

Control—On Jan. 1, 1916, the National Properties Co. of Delaware acquired a majority of the common stock and $1,500,000 preferred stock of the American Rys. Co. of N. J. in exchange for its Collateral Trust Bonds at par which are secured by American Rys. Co. stock. Feb. 26, 1917, the United Utilities Co. of Delaware was organized and acquired the stock of the National Properties Co.

Security—A direct obligation of the Company, and secured by deposit with the Trustee of $1,600,000 Chicago & Joliet Electric Ry. Co. Gen. 5s of 1931, and $2,250,000 (entire issue $2,500,000) capital stock of The Peoples Railway Co., Dayton, Ohio. Through a deposit of three securities, these bonds are a first mortgage upon approximately 63 miles of road, and practically a second mortgage, subject to $900,000 prior liens, upon 50 miles of road.

Note—In July, 1914, $500,000 Springfield Ry. Co. bonds, which were deposited as part security for this issue were retired and $500,000 bonds of this issue, formerly held in the treasury were cancelled. The Springfield Ry. bonds were secured by a first mortgage on the street railways in Springfield, Ohio, comprising 33 miles of track. Through the deposit of those bonds this collateral issue was a first lien on that road.

Prior Liens—$400,000 bonds of the Chicago & Joliet Electric Ry. Co.; $500,000 bonds of the Peoples Ry. Co. (both closed mortgages).

Years ended Dec. 31.

Outstanding (Mar. 12, '21)	9,293,000
Held in S. F.	161,000
In Treasury	2,546,000

Purpose of Issue—To finance maturity of 1st S. F. 5s, due July 1, 1919.

Denomination—$1,000, coupon registerable as to principal and fully registered. C. & R. interchangeable.

Trustee—Old Colony Trust Company, Boston.

Redeemable as a whole or in part on any interest date at 105 upon eight weeks' notice.

Sinking Fund—The Company shall, for each and every year beginning with the year ending on the 31st day of December, 1919, and within three months after the end of such year, pay to the Trustee in cash an amount equal to one per cent. (1%) of the face value of the bonds hereby secured, outstanding and not cancelled (including those held uncancelled in the sinking fund) on the 31st day of December of each year, as long as any bonds are outstanding, and in addition thereto, on or before October 1st of each year subsequent to 1919, twenty-five per cent. (25%) of the net available surplus, after providing for depreciation and fixed charges as hereinafter defined, earned in any calendar year commencing with the year 1919, until the amount of bonds outstanding shall have been reduced to the sum of Ten Million Dollars ($10,000,000) face value, and thereafter, in addition to the annual payment of one per cent. (1%) of the face value of the bonds outstanding, as hereinbefore provided, the Company shall pay fifteen per cent. (15%) of such net available surplus into said sinking fund. This fund is applicable to the purchase or redemption of these bonds at not over 105 and interest. Bonds hereby secured, acquired by and for the sinking fund, with the annual payments of one per cent. (1%) of the face value of the bonds outstanding as hereinbefore provided, shall continue to receive interest as long as any bonds issued under the mortgage are outstanding. Bonds hereby secured, acquired by the sinking fund, with the additional moneys over and above the said annual payments of one per cent. (1%) as aforesaid, shall not be reissued or continue to draw interest, but shall on acquisition by the sinking fund be forthwith cancelled. For the purpose of determining the net available surplus after providing for depreciation and fixed charges earned in any calendar year, there shall be included among the items of depreciation and fixed charges, and in addition to the ordinary items included therein:

(a) Interest on bonds secured hereby, including interest on the uncancelled bonds in the sinking fund and on bonds or other securities hereafter issued, guaranteed or assumed by the Company;

(b) The annual sinking fund payment of one per cent. (1%) of the face value of bonds outstanding as hereinbefore set forth;

(c) Seventy-five per cent. (75%) of the actual cost of permanent additions and betterments to the plant of the Company, as certified to by the American Appraisal Company or other qualified appraiser;

ANACONDA COPPER MINING CO. 10-Year Secured 6s, Series "A" and 7s, Series "B." Due Jan. 1, 1929.

Dated Jan. 1, 1919. Interest payable Jan. 1 and July 1 at the National City Bank and Guaranty Trust Co., New York.

Tax Status—2% Federal Income Tax paid by company without deduction.

Authorized $50,000,000
Outstanding. A 6s $25,000,000
B 7s 25,000,000
50,000,000

Purpose of Issue—The proceeds of Series "A" bonds are to be used toward the equipment of the properties of the Andes Copper Mining Co. and the Santiago Mining Co. and to replace in current account part of the earnings which have been heretofore invested. Series B was issued to provide additional working capital.

Denomination—Coupon, $1,000, $500 ("B" only) and $100 ("B" only); registerable as to principal.

Trustee—Guaranty Trust Co., New York.

Redeemable, Series B only, as a whole or in part (but not for the sinking fund), on any interest date upon 30 days' notice, at 100 and interest, plus a premium of ½% for each year or part thereof by which the maturity is anticipated.

Sinking Fund—Semi-annually, beginning July 1, 1921, $750,000, to be used in the purchase of Series "A" and Series "B" bonds as may be purchased at a price to yield 6%. If bonds cannot be purchased at above price unexpended money is to revert to the company.

Organization—Incorporated in Montana in 1895 as successor to Anaconda Mining Co. For many years this company was the leading operating subsidiary of the Amalgamated Copper Co., a holding company, which was dissolved in 1915, and its assets taken over by this company. The company owns the entire capital stock and substantial stock interest in the following companies: United Metals Selling Co., Inspiration Consolidated Copper Co., Greene-Cananea Copper Co., Andes Copper Co. (Delaware) which controls the Andes Copper Mining Co. and the Protertillos Railway Co., Santiago (Cuba) Mining Co. (Delaware).

Capitalization.	Outstanding.
Common	$116,562,500
Funded debt	50,000,000

Security—A direct obligation of the Anaconda Mining Co. and secured by pledge of stocks of constitutent companies valued in excess of $100,000,000. This issue constitutes the only funded debt of the company. The trust agreement contains the following covenants of the company.

It will not mortgage, pledge, or suffer any mortgage or other charge to be imposed upon any of its fixed assets without providing prior security for the bonds and for their payment in priority to all other obligations secured by such mortgage or pledge, and will not permit constituent companies to mortgage or pledge their fixed assets unless the obligations secured thereby (other than those issued in renewal of existing obligations) are pledged under the Trust Agreement.

The earned surplus of the company (including any amount which may have been employed in the payment of any future stock dividend) shall always be maintained at an amount at least equal to the amount of the outstanding bonds.

In case the company or any constituent company shall sell any substantial or essential part of its fixed assets, the proceeds or their equivalent shall in due course be applied to the purchase of other fixed assets, or to the purchase of Ten-Year Secured Gold Bonds for cancellation.

The company will not consolidate with or permit itself to be merged into any corporation other than a constituent company if 25% of the holders of the outstanding bonds shall object, unless all the bonds are secured by a closed first mortgage and pledge on and of all its fixed assets and other properties.

Secured by deposit of $1,355,000 of $1,500,000 Coll. Tr. 6s of 1949, and $375,160 6% notes of Associated Gas & Electric Co. and $425,000 (entire) preferred stock and $566,900 (60%) common stock of the Kentucky Public Service Co. The indenture provides for a bondholders' committee of three members, one appointed by the board of directors of the company, one by the bondholders and one by the trustee. The consent of the majority of this committee shall be obtained as a condition precedent to the release of any securities deposited.

Additional bonds may be issued only for the following purposes:

1. For 80% of the cost of betterments, improvements, etc., made after January 1, 1916, to the property of operating companies, a majority of the voting stock of which is deposited as collateral for these bonds, or for 5% bonds due 1939 and the 6% bonds due 1949.

2. For the acquisition of not less than a control of new subsidiary properties, provided that (unless the bondholders' committee unanimously otherwise consents) the earnings of operating companies applicable to securities pledged and to be pledged under this agreement (or those securing the 5% bonds due 1930 and 6% bonds 1949) for twelve months preceding, after deducting expenses and taxes and interest on the 5% bonds due 1939, are not less than 2½ times interest charges on bonds of this issue outstanding and to be issued and the 6% bonds due 1949 outstanding in the hands of the public. If the 5% bonds due 1939 shall be cancelled prior to the maturity of this issue the earnings restrictions become twice the interest on these bonds outstanding and to be issued and any debenture bonds outstanding in the hands of the public.

3. For the purpose of acquiring or refunding bonds for operating companies the majority of the voting stock of which shall be acquired under paragraph 2.

Dated Nov. 1, 1915. Interest payable Sept. 1 and March 1, at office of Trustee.

Payment of Interest—Interest at the rate of 5 per cent. was paid Sept. 1, 1916, and was regularly paid up to and including March 1, 1918. None has been paid since. Interest is payable if and to the extent of net income as defined by Interstate Commerce Commission.

Tax Status—Payment of Federal Income Tax not assumed by company.

Authorized $5,200,000
Outstanding 5,200,000

Denomination—Coupon, $1,000. Registerable as to principal.

Trustee—Columbia Trust Co., New York.

Redeemable as a whole only at 100 and interest ($33.33 interest for each $1,000) on any interest date on six weeks' notice.

Reserve Fund—The board of directors may elect to reserve in any fiscal year from net income an amount not in excess of $100,000 nor 20 per cent. of net income. Total amount not to exceed $300,000 exclusive of interest. This fund carries 6 per cent. interest. This fund may be paid to Trustee for distribution to bondholders on the next ensuing March 1 or Sept. 1. But if in any fiscal year there shall be any net income in excess of (1) the amount required to pay the full interest on these bonds for such fiscal year, plus (2) an additional amount, equal to 20 per cent. of the net income, but not in excess of $100,000, then such excess (not exceeding the amount with interest thereon, as aforesaid, then in "Reserve Fund") shall be paid over by the company to the Trustee for distribution to the bondholders, prior to the next Sept. 1 following the close of such fiscal year, and the "Reserve Fund," upon such payment shall be reduced the amount thereof. Such distribution shall be in addition to full interest accruing on the bonds for said period. At maturity of bonds, whether by lapse of time or redemption or otherwise, this fund shall be paid over to the Trustee for distribution to bondholders. No dividend shall be paid unless the company shall have paid or set aside full interest for these bonds, or unless all amounts in reserve fund shall be set aside for distribution to holders of these bonds and paid over to the Trustee.

ATLANTIC FRUIT COMPANY 15-Yr. S. F. Conv. Deb. 7s, Series "A." Due Dec. 1, 1934.

Dated Jan. 1, 1920. Interest payable June 1 and Dec. 1 in New York at Trustee's office.

Tax Status—Payment of Federal Income Tax not assumed by company.

Authorized $20,000,000
Outstanding 10,000,000
Reserved for Corporate Purposes 10,000,000

Purpose of Issue—To build a sugar mill in Cuba with an initial capacity of 300,000 bags per annum, to purchase highly developed plantation properties in Jamaica, to purchase additional steamships to be delivered in 1920 and 1921, and to pay off outstanding mortgages and 6% Debentures.

Denomination—Coupon, $1,000 and $500. Registerable as to principal.

Trustee—Guaranty Trust Co., New York.

Redeemable at 110 and interest to Dec. 1, 1924, thereafter to Dec. 1, 1929, at 107½ and interest, thereafter to maturity at 105 and interest.

Sinking Fund—Annually beginning March 1, 1923, an amount equal to 3% of the largest amount of debentures ever issued with a minimum amount of $300,000. This fund is to be applied to the purchase of redemption of these bonds at not exceeding the redemption prices prevailing at the time of application. An additional annual sinking fund of 10% of net earnings after payment of operating expenses, interest, taxes and fixed sinking fund will be applied in like manner.

Convertible into common stock at any time up to 90 days prior to maturity at the rate of $100 face value of debentures for two shares of common stock.

Organization—Incorporated in Delaware in 1912 as successor through reorganization of the Atlantic Fruit and Steamship Company. The company owns and operates extensive plantations, grows bananas, cocoanuts and sugar cane in the islands of Cuba and Jamaica; has wharves and shipping stations at a number of West Indian ports and a fleet of steamships owned and chartered for carrying fruit and freight to the United States.

In Cuba the company owns 171,123 acres of land in the Province of Oriente, at the northeastern end of the island and in close proximity to each other. These plantations are equipped with 40 miles 3-ft. gauge railroads, have deep-water harbors, wharves

and warehouses, and the necessary houses and agricultural buildings, live stock and machinery for present uses. A copra plant is in process of erection on the Tanamo estate. In addition to the produce from its own estates the company obtains a considerable supply of bananas at two other ports in Cuba. In Jamaica the company owns a plantation of 1,309 acres of which 900 acres are in full cultivation, under bananas and cocoanuts, together with wharves and warehouses for handling shipments of fruit and freight by steamer—at Kingston, Port Antonio and other ports. The company purchases a large quantity of fruit in Jamaica on contract and in the open market. The company still retains holdings in land of approximately 132,000 acres acquired several years ago in Nicaragua, which, however, are not being cultivated.

The company owns 12 steamers of an aggregate tonnage of 34,000 tons. Also operates under time charter 14 vessels of an aggregate tonnage of 27,275 tons.

Capitalization.	Outstanding.
Common (no par)	395,000 shs.
Funded debt	$14,500,000

Security—A direct obligation of the company, but not secured by a mortgage. Under the provisions of this indenture no mortgage can be placed on any property of the company without securing these debentures equally and ratably. Additional property may be acquired subject to mortgage indebtedness.

Default Provisions—The principal may be declared due in the event of default in payment of two successive installments of interest for sixty days after the due date of the second of such installments. In case of default in payment of the fixed sinking fund charge by reason of the same not having been earned, the principal of the bonds shall not become due, but all shall be made good to the sinking fund before any dividends are paid.

BALTIMORE & OHIO RAILROAD CO.

Chartered in Maryland in 1827. In 1896 the company was placed in receiver's hands, but a reorganization was effected without foreclosure. The company owns or controls 4,868.91 miles of road, extending from Philadelphia to Baltimore, Washington, Pittsburgh, Cleveland, Cincinnati, Louisville, Chicago and St. Louis, and includes numerous branch lines. A large part of the mileage including practically the entire line from Philadelphia to Chicago, is double-tracked, and large sums are being expended in straightening the main line and reducing grades. The company serves the soft coal fields of Pennsylvania and West Virginia, about two-thirds of its total tonnage being in the products of mines.

Under reorganization agreement of the Cincinnati, Hamilton & Dayton Ry. Co., the B. & O. R. R. acquired all the securities of the Toledo & Cincinnati R. R. Co., the successor company. It also owns about one-fifth of the total capital stock of the Reading Co., including $6,945,593 1st preferred, $14,265,000 2nd preferred and $10,002,000 common stock.

This fund is to be used for the purchase or redemption of these bonds at not over the current call price. Retirement of bonds through conversion is allowed as a credit to the fund for the year in which conversion is made.

Convertible at any time prior to maturity or redemption into Class B stock ($25 par value) at $40 per share ($1,000 in bonds convertible into 25 shares of stock). If called for redemption privilege extends to 10 days before the redemption date.

Organization—Incorporated in Delaware in 1916 as the Pittsburgh Investment Co. Present name adopted in January, 1919. Including subsidiaries, the Corporation's oil producing properties comprise a net total of 215,018 acres of leasehold oil lands of which 65,188 acres are now operated and 149,830 acres are still unoperated, and 2,147 producing oil well. As of Jan. 15, 1921, oil production was in excess of 7,000 barrels per day. The producing oil properties now operated are in the states of Oklahoma, Pennsylvania, West Virginia, Ohio, Texas, California, Indiana and Illinois. Additional properties now unoperated are in the states of Kansas, Colorado, Montana, Louisiana, Arkansas and Kentucky. Refinery is located at Bigheart, Oklahoma, and has a present capacity of 3,000 barrels a day. In addition to 260 tank cars owned and 100 leased, it has pipe lines extending into the fields from which supplies of crude oil are received.

Gas properties controlled by the Corporation are chiefly in McKean and Potter Counties, Pennsylvania, and in Allegany County, New York, in one of the oldest gas producing areas in the United States, and include gas and oil rights under 59,000 acres, with 589 wells. There are 500 miles of pipe lines, supplying gas to 28 towns in Pennsylvania, and through distributing companies to the cities of Elmira and Corning in New York State.

In the mining industry, properties of the Corporation and its subsidiary companies include zinc, of which it is one of the largest high grade producers in the Joplin district; tripoli (amorphous silica), of which it is the largest producer and owner in the United States, used for the manufacture of filler stones and as tripoli flour in buffing and polishing compounds, in parting compounds for foundry work, and in soap, paint and rubber manufacture; and silver, gold, copper, lead and coal properties.

Denomination—Coupon, $1,000. Registerable as to principal. Registered $1,000 and $5,000. C. & R. interchangeable.

Trustee—Bankers Trust Co., New York.

Redeemable at 105 and interest, on any interest date.

Sinking Fund—Annually beginning July 1, 1919, an amount equal to 2½% of outstanding bonds for their purchase or redemption at not over 105 and interest. Bonds so acquired are to be cancelled.

Organization—Incorporated in Pennsylvania in 1899. The company owns the entire capital stock of the Juragua Iron Co., Bethlehem Steel Products Co., Philadelphia, Bethlehem & New England R. R. Co., Bethlehem, Chili Iron Mines Co., Fore River Shipbuilding Corporation and Detick-Hovey Machine Co. In July, 1916, $31,942,000 bonds, were issued in connection with the financing of the purchase of all the assets of The Pennsylvania Steel Co. of Pennsylvania, Maryland Steel Co. and the assets of the Pennsylvania Steel Co. of New Jersey, except the capital stocks of the two former companies, by the Penn-Mary Steel Co., all of the stock of the latter company being owned by the Bethlehem Steel Co.

Capitalization—See Bethlehem Steel Corp. 7% Notes.

Control — The entire $15,000,000 capital stock, except directors' shares, is owned by the Bethlehem Steel Corporation.

Secured by a mortgage executed jointly by the Bethlehem Steel Co. and the Penn-Mary Steel Co. on properties as follows: Extensive steel plant at Steelton, Pa., with five blast furnaces, open hearth furnaces, roughing and finishing mills, forge and machine shops, a complete frog and switch department and bridge shop; two blast furnaces at Lebanon, Pa., and a complete plant with large ore docks, four blast furnaces, Bessemer converters and open hearth furnaces and rail mills, together with a fully equipped shipyard at Sparrows Point, Md. These plants are all equipped with by-product coke ovens. About $60,000,000 will be expended within the next four years in extending these plants and diversifying their products. All of these extensions will be covered by this mortgage, which also covers the Penn-Mary Steel Company's 54.16% interest in the valuable Cornwall Ore Banks, Lebanon County, Pa. In addition to the above-mentioned property, there are pledged with the trustee, capital stocks of subsidiary companies, having a par value of $2,644,290; being the entire outstanding stocks (except directors' shares) of these subsidiaries which include The Spanish-American Iron Co., owning valuable ore lands in Cuba, and the Penn-Mary Coal Co., owning about 16,000 acres of bituminous coal measures in Indiana and Cambria counties, Pennsylvania.

Prior Liens—On property under direct mortgage as follows: $3,931,000 Pennsylvania Steel Co. of Pa. and Maryland Steel Co. Joint Cons. 6s, due Sept. 1, 1925; $1,903,000 Maryland Steel Co. 1st 5s, due Feb. 1, 1922; $4,950,000 The Pennsylvania Steel Co. of Pa. Coll. Tr. 5s, due Oct. 1, 1932. On collateral properties as follows: $1,754,000 Spanish-$1,277,000 Penn-Mary Coal Co. 1st 5s, due April 1, 1939, and $4,758,000 Penn-Mary Coal Co. 1st 5s due Oct. 1, 1939.

Note.—All of the above mortgages are in effect closed by the provisions of this mortgage. Payment of all of the above bonds except $1,000,000 Pennsylvania Steel Co. 1st 5s, are guaranteed by the Bethlehem Steel Co. Bonds are reserved under this mortgage to retire the above issue.

Years ended Dec. 31 (consolidated).

Tax Status—Payment of Federal Income Tax not assessed by company.

Authorized $20,000,000
Outstanding 20,000,000

Denomination—Coupon, $1,000; registerable as to principal.

Trustee—Guaranty Trust Co., New York.

Redeemable at any time on 20 days' notice at 102½ and interest.

Sinking Fund—$1,000,000 each April and Oct. 1 from April 1, 1922, to Oct. 1, 1927, inclusive, and $500,000 thereafter, for the purchase or redemption of these bonds at not over 102½ and interest.

Guaranteed principal and interest by the Bethlehem Shipbuilding Corp., Ltd. by endorsement.

Secured by an equipment trust agreement on five steamships of 20,000 d. w. tons each, to be constructed, and five steamships already constructed, totaling 52,417 d. w. tons (all of which are less than three years old and one of which has just been delivered). This fleet will be employed for the transportation of ore from the Bethlehem iron mines in Chile and Cuba for use in Bethlehem Steel Company's plants. The purchase price of the ten ships will aggregate over $30,000,000.

Title to any ship will be relinquished (provided that the number of ships held shall not thus be reduced below five) upon deposit of an amount of cash sufficient to retire a ratable face amount of certificates, in which case the charter hire thereafter payable shall be ratably reduced.

The Trust Agreement and Charter will further provide that if at any time after completion and delivery of the ships to be constructed the depreciated value (calculated upon the then current reproduction cost new of similar tonnage, less depreciation at the rate of 5% per annum from the respective dates of construction) of the ships held falls below 150% of the amount of certificates then outstanding, Bethlehem Steel Company will agree to maintain this margin by the delivery of additional ships or by pledge of United States Government obligations, or Bethlehem Steel Corporation's Consolidated Mortgage Bonds or certain underlying bonds or other securities which shall be legal investment for trustees in the State of New York, such obligations or bonds to be taken at their market value.

Pending completion and delivery of the ships about to be constructed, Bethlehem Steel Company will agree to maintain the above-mentioned margin of 50% in tonnage under construction or in operation, or in the securities above mentioned, in excess of all certificates not covered by their face amount in cash or United States Government obligations of equivalent market value held by the Trustee.

All of these ships will be under American registry and will bear the highest classification under the American Bureau of Shipping. They will carry customary insurance against fire and marine risk, such insurance in case of total loss to aggregate at least 125% of the principal amount of certificates outstanding, proper deduction being made for cash and securities held by the Trustee.

Tax Status—Payment of Federal Income Tax not assumed by the company.

Authorized $300,000

Outstanding 300,000

Purpose of Issue—To provide for construction and equipment of a mill and for the materials and construction of a power line.

Denomination—Coupon, $100, $500 and $1,000.

Redeemable at 105 and interest on or before Nov. 1, 1922.

Sinking Fund—The annual rental of $170,000 paid by the Boston & Montana Development Company is to be applied to the payment of interest on the bonds, dividends on the preferred stock, retirement of bonds at not to exceed 105 and interest by Nov. 1,

1922, and to retire all preferred stock at not exceeding par before Dec. 1, 1926.

Guaranteed principal and interest and sinking fund by the Boston & Montana Development Company.

Organization and Control—Incorporated in Montana in 1916. The property of the company is leased to the Boston & Montana Development Company, and controlled by that company through stock ownership.

Capitalization.	Outstanding.
Common	$15,000,000
Funded debt	300,000

Secured by a mortgage on all the property of the company. The company owns a mill located 1,700 ft. down Elkhorn Creek from the mouth of the main working tunnel of the Boston & Montana Development Company. The initial unit is to be of 500 tons daily capacity of the concentration flotation type. The mill will be so constructed that additional units may be added from time to time. The company's power line will extend from the power plant of the Montana Power Company on the Big Hole River. This line will be equipped with 40 ft. poles, 22 to the mile, three copper wire lines, with a carrying capacity of 2,500 h. p.

Provisions of Lease—The lease provides that lessee is to furnish the lessor with at least 500 tons of milling ore a day for 340 days in each year, starting 30 days after the completion of mill and to allow one dollar a ton royalty for milling the ore and supplying power. In case the lessee fails to furnish a mill the above amount of ore each year (170,000 tons) it will pay in cash for the deficit. The lessee further agrees to pay all expenses including repairs, upkeep, etc., of the leased property so that the rental of $170,000 a year will be net to lessor. This lease cannot be changed without the consent of a vote (by shares) of 2-3 of the preferred stockholders of lessor company, based on stock outstanding at the time of voting.

Original Market—$300,000 offered January, 1920, by R. M. & C. R. Currier, Boston, Mass., at par with a bonus of 50% in 6% preferred stock of the company, together with options to purchase an equal amount of shares of the Boston & Montana Development Company stock at $1.00 a share until Dec. 1, 1920, or at $1.25 a share until Dec. 1, 1921, or at $1.50 a share until Dec. 1, 1922. These bonds will be accepted at par as cash in the exercise of the above options.

BROOKLYN RAPID TRANSIT CO. 3-Year 7% Secured Notes. Due July 1, 1921.

Dated July 1, 1918. Interest payable Jan. 1 and July 1, at Trustee's office.

Tax Status—2% Federal Income Tax paid by company without deduction.

Default—Interest due Jan. 1, 1919.

Authorized $57,735,500

Outstanding 57,735,500

Purpose of Issue—Issued to retire $57,735,000 6-year 5% Secured Notes due July 1, 1918. The War Finance Corporation agreed to make an advance to the company of not exceeding $17,320,500, or 30% of the face value of the maturing notes, for three years at 7% interest per annum, on the condition that arrangements be made by which 70% of the maturing notes were refunded.

Denomination—Coupon, $1,000, $500 and $100.

Trustee—Central Union Trust Co., New York.

Redeemable on any interest date on 30 days' notice at a premium of ½% for each six months which the notes have to run from the date of redemption.

Organization—Incorporated in New York in 1896 as a holding and construction company. In June, 1917, the company was enabled by the "Thompson Bill" to consolidate the original holding company and its various subsidiaries into a single public utility corporation. The company controls directly or indirectly through stock ownership and leases the following companies: Brooklyn Heights R. R. Co., Brooklyn, Queens County & Suburban R. R. Co., Nassau Electric R. R. Co., Coney Island & Gravesend Ry. Co., South Brooklyn Ry. Co., Transit Development Co., Bridge Operating Co., New York & Coney Island R. R. Co., Prospect Park & South Brooklyn R. R. Co., Coney Island & Brooklyn R. R. Co., Brooklyn & North River R. R. Co., DeKalb Ave. & North Brooklyn R. R. Co., Coney Island & Brooklyn Terminal Co., Broadway Subway & Home Borough Car Advertising Co., Prospect Park & Coney Island R. R. Co., and New York Consolidated R. R. Co., which latter company owns all the $2,000,000 capital stock of the New York Municipal Railway Corporation.

The lines constructed by the city are leased to the New York Municipal Ry. Corporation for a period of 49 years from Jan. 1, 1917, and are to be operated by the company in connection with the existing railroads of the New York Consolidated R. R. Co. as one system and for a single fare. The city-constructed lines may be recaptured by the city after 10 years upon payment to the company of a fixed percentage of the latter's investment in construction and equipment (115% at the end of 10 years and a gradually diminishing amount in succeeding years), so that the company will receive an amount which with accumulations of its sinking fund, will at least make good its investment.

Capitalization.	Outstanding.
Common	$74,455,159
Funded debt	85,639,000

Receivership—On Dec. 31, 1918, Lindley M. Garrison was appointed receiver of this company, and of the New York Municipal Ry. Corp. and the New York Consolidated R. R. Corp., its subsidiaries.

BROOKLYN RAPID TRANSIT CO. 6% Receiver's Ctfs., Series "A." Due Aug. 1, 1921.

Dated Aug. 1, 1919. Interest payable Feb. and Aug. 1, Central Union Trust Co., 80 B'way, New York.

Tax Status—Payment of Federal Income Tax not assumed by Company.

Authorized	$20,000,000
Presently Issuable (Series "A")	18,000,000
Reserved for Future Issuance.	2,000,000

Provisions of Issue—The court reserves the power to direct the appropriation of the proceeds of the sale of an additional $2,000,000, which running not less than one or more than three years, will complete the entire authorized issue of $20,000,000, having the same security. Beyond this amount any further issues of B. R. T. Receiver's Ctfs. must either be subordinate in lien to the $2,000,000 issue or must be secured on different property. See also under "Security."

Purpose of Issue—$13,000,000 of the proceeds from this issue are to be used in purchasing an equal amount of the certificates of indebtedness of the receiver of the New York Municipal Railway Corp. and the New York Consolidated R. R. Co., which certificates are to be pledged as part security for this issue.

Denomination—$1,000.

Redeemable at par and interest on any interest date on and after Feb. 1, 1920.

Redemption Fund—The surplus income of all three companies, after meeting operating and receiver's expenses, etc., 70% of such income being specifically employed to provide for their interest and for the redemption of principal from time to time whenever $500,000 is available for that purpose.

Organization—See 7% Secured Notes.

Security—These certificates are issuable under a decree filed by Judge Julius M. Mayer in the Federal District Court, New York City, on Aug. 12, 1919, and authorizing Lindley M. Garrison to sell $18,000,000 of certificates at 95 and interest. The decree impounds 70% of the earnings of the Brooklyn Rapid Transit Co., New York Municipal Ry. Corp. and New York Consolidated R. R. Co. to provide for the payment of principal and interest of these certificates. The certificates are secured either by direct lien as in the case of the B. R. T. issue, or by pledge of receiver's certificates in the case of the New York Municipal Ry. Corp. and New York Consolidated R. R., and are a lien as follows:

1. On power houses, sub-stations, shops, car barns, etc., of the Brooklyn Rapid Transit Co.

2. Certain small blocks of stock and $5,822,000 bonds, including $525,000 Coney Island and Brooklyn 1st Cons. 4s, $200,000 Brooklyn City R. R. Ref. 4s, and $5,812,000 B. R. T. 1st Ref. 4s.

3. On all property, real and personal, and mixed, of the Municipal and Consolidated companies, aforesaid.

4. The leases, etc., contracts made by the New York Municipal Corp.: (a) On Jan. 31, 1913, and March 25, with the New York Consolidated R. R. Co.; (b) On March 19, 1913, with the City of New York and P. S. Commission.

5. On rolling stock, etc., of the last two mentioned companies.

6. On New York Municipal Ry. Corp. and New York Consolidated Co., receiver's certificates acquired by the Brooklyn Rapid Transit Co. receiver. See "Purpose of Issue."

7. These certificates are superior in lien to (a) Brooklyn Rapid Transit 50-Year 5s, due 1945, as to any property in receiver's hands; and to (b) Brooklyn Rapid Transit Cons. &

Ref. 6s, due 1928 (pledged to secure 3-Year 7% Notes). These certificates are inferior in lien to (a) Brooklyn Rapid Transit 1st Ref. 4s ($10,000,000 of which bonds are pledged to secure Brooklyn Rapid Transit Co. notes) as to any property in receiver's hands; (b) Transit Development Company Ctfs. of Indebtedness of 1907 and indenture of July 24, 1918.

8. The certificates of the New York Municipal Ry. and New York Consolidated R. R. are superior in lien to (a) the $57,735,000 Municipal Railway Corp. 1s 5s (pledged under B. R. T. Notes); (b) the mortgage given by the New York Consolidated R. R. Co. to secure its guarantee of last mentioned bonds; (c) $14,344,975 New York Consolidated R. R. Ctfs. of indebtedness No. 1, but is inferior in lien to the Kings County Elevated R. R. 1st 4s, due 1949, and Brooklyn Union Elevated R. R. 1st 5s, due 1950.

Denomination—Coupon, $1,000. Registerable as to principal.

Trustee—The Pennsylvania Company for Insurances on Lives and Granting Annuities, Philadelphia.

Redeemable at 100 and interest at 30 days' notice, upon any interest date.

Sinking Fund—20 cents per net ton on all coal mined, with required minimum payments to the Trustee from Jan. 1, 1919, to 1928, inclusive, providing for the serial retirements of $30,000 of bonds each six months. Surplus amounts accruing to this fund over and above such minimum may be applied to the purchase of bonds in the market, or if unobtainable, to the retirement of next succeeding series. Bonds so acquired shall be cancelled.

Organization—Incorporated in Pennsylvania in 1918.

Secured by a first mortgage on 725 land acres and 800 coal acres owned in fee together with mine plant including tipple, electric power house, adequate buildings, mine cars, electric locomotives and miners' houses. This plant is valued at $350,000 and has an annual capacity of 350,000 tons. The property is estimated to contain 6,600,000 tons of the Pittsburgh bed domestic and steam coal and about 2,500,000 tons of "Rooster" bench coal. The property adjoins the town of Burgettstown, Pa., which is about 28 miles west of Pittsburgh on the main line of the P. C. C. & St. L. Ry. Co.

In addition to the security according to the mortgage by the Burgettstown Coal Co. operation, an additional tract of land containing 400 acres in fee simple of coal and appraised at $120,000 is also provided. When the mortgage is reduced by the amount of $120,000 under the operation of the Sinking Fund or otherwise, this 400-acre tract may be released, provided additional coal acreage is substituted therefore adjoining the Burgettstown operation to maintain 800 coal acres at that operation. This means that when the mort-

gage is reduced to $480,000 there will still be the same amount of unmined coal at the Burgettstown operation as exists at present. As security temporarily in lieu of the 300 additional coal acres (included in the 800 acres above) to be acquired at the Burgettstown tract, there is deposited under this mortgage 2,000 acres known as the Patterson Mill Tract, all of which is underlaid with the Pittsburgh Seam.

Original Market—$600,000 offered February, 1919, by Graham, Parsons & Co., Philadelphia, at prices ranging from 100 and interest to 96% and interest for the various maturities.

CALIFORNIA ORCHARDS & VINEYARDS, INC., 1st 7½s. Due each Dec. 1 as follows: $10,000, 1922; $15,000, 1923; $20,000, 1924; $25,000, 1925 and 1926; $30,000, 1927 to 1929 inclusive;; $35,000, 1930, and $40,000, 1931 and 1932.

Dated Dec. 1, 1920. Interest payable June 1 and Dec. 1 at the Anglo-California Trust Co., San Francisco.

Tax Status—2% Federal Income Tax paid by the Company without deduction. Tax exempt in California.

Authorized $300,000
Outstanding 300,000

Denominations—Coupon, $500 (1931 and 1932 only) and $1,000.

Trustee—Anglo-California Trust Co., San Francisco.

Redeemable at 101½ and interest.

Organization—Incorporated in California.

Secured by a first mortgage on all the property of the Company embracing 5.704 1-6 acres of fruit, grain and vineyard land, situated about 4½ miles northeast of the town of Clovis and about 17 miles northeast of the city of Fresno.

The property consists of three tracts of land, including vineyards and Calimyrna figs and unimproved fruit land. The vineyards are planted to the best table and raisin grapes only, there being no wine grapes on the property.

Tract "A" consists of 888 1-6 acres, of which 160 acres are in Malaga Grapes, 117½ acres in Muscatel Grapes, 10 acres in Emperor Grapes and 120 acres in Calimyrna Figs, all in their tenth year and in a state of high productivity; also 480 2-3 acres of excellent grain lands, also suitable for vineyard or orchard planting.

Tract "B" consists of 696 acres, of which 120 are in Calimyrna Figs in their tenth year and 26 acres are in Calimyrna Figs in their fifth year, and 550 acres are grain lands, but all suitable for fruit planting and culture.

Tract "C" consists of 4,120 acres, of which 120 acres are in Calimyrna Figs in their fifth year; 3,000 acres are suitable for fruit culture and also excellent grain land, while 1,000 acres are unimproved and used for pasturage.

The Southern Pacific Railroad has a branch line running directly to the border limits of Tract "A."

Irrigation for Tract "A" is furnished by means of a ditch connecting with one of the canals of the Fresno Canal and Land Corporation, and also by wells. The supply received from these has always been sufficient to keep the vineyards in excellent condition. Irrigation for Tracts "B" and "C" is also furnished by wells, and water is obtainable at a depth of about 40 feet on most parts of the tracts. A part of the proceeds from the sale of these bonds will be devoted to improving our present irrigation system, putting more land in a condition to be planted to vineyards and orchards.

Additionally secured by pledge of all property leases for cash or on a cropshare basis.

In the event that any sales of the land should be made, the Trust Deed provides for the release of such acreage by deposit with the Trustee of a stipulated amount per acre, the land having been divided into parcels with an average release value of $97 per acre, to be used in redeeming bonds by call at not less than 101½ and accrued interest, which operation would immediately increase the property equity over the balance of the mortgage remaining.

Secured by a first mortgage on a substantial part of the company's properties including the Copco and Prospect hydro-electric plants, with a combined installed capacity of 25,600 h. p., and by a general mortgage on all the remaining property of the company.

The company owns and operates 7 hydro-electric plants, with a total installed capacity of 33,980 h. p. The 2 largest plants are Copco, on the Klamath River (18,600 h. p.) and Prospect, on the Rogue River (7,000 h. p.). An additional 18,600 h. p. unit is already on the ground at Copco and the capacity of the Copco plant can be doubled, when required, by the installation of this unit and by raising the height of the dam fifteen feet. The company's high-tension transmission lines have an aggregate length of 465 miles. The distribution system consists of about 800 miles of circuits.

The company serves with electric light and power 26 communities located in northern California and southern Oregon, including the towns of Medford, Ashland, Grants Pass and Klamath Falls in Oregon, and Dunsmuir, Yreka and Fort Jones in California. The company also furnishes water for domestic purposes to a few small towns. The population of the territory served is over 77,000.

CANADIAN NATIONAL RAILWAYS 15-Year Equip. Tr. 7s. Due May 1, 1935.

Dated May 1, 1920. Interest payable May 1 and Nov. 1, at Girard Trust Company, Philadelphia or Hanover National Bank, New York.

Tax Status—2% Federal Income Tax paid by the company without deduction.

Authorized	$15,000,000
Outstanding (Apr. 4, '21)	14,500,000
Cancelled	500,000

Denomination—Coupon, $1,000; registerable as to principal.

Trustee—Girard Trust Company, Philadelphia.

Not Callable.

Sinking Fund—Semi-annual payments of $500,000 beginning Nov. 1, 1920, must be used by the Trustee to purchase certificates at or under par if obtainable. At the end of each six months any unexpended balance must be used at the direction of the railway to purchase either these certificates or Canadian Government obligations due before maturity date of the certificates. Certificates may be purchased at a premium and tendered by the railway company to the Trustee under the foregoing provision.

Organization—The Dominion Parliament has authorized the incorporation of the Canadian National Railways to take over the Government owned railways. The system will comprise 22,275 miles, extending from Halifax on the Atlantic Coast, to Vancouver on the Pacific Coast, touching practically every important center in Canada. The Canadian Government owns $100,000,000 of the $100,000,600 stock of the company.

Secured by an equipment trust agreement on new railway equipment costing $20,024,500, an initial payment of $5,024,500 or over 25% of the cash contract cost being made.

Under the provisions of the statutes of Canada the rentals payable under the lease of this equipment rank as a railway working expenditure and constitute a claim against earnings prior to both principal and interest of mortgage debt.

Organization—Incorporated in Ontario, Canada.

Capitalization.	Outstanding.
Common	$500,000
Funded debt	1,531,000

Secured by a first mortgage on all the property of the company, comprising waterfront real estate, dock, storehouses, hoisting towers, cable cars and other ore dock equipment located in the city of Port Arthur, Ontario (on Lake Superior). Storage capacity 500,000 tons of bituminous and 160,000 tons of anthracite coal. About 8,000 tons can be unloaded and handled in a ten-hour day with present equipment. The coal is used by the Canadian Northern Ry. Co. and also distributed in Northern Ontario and Western Canada.

Lease—Property leased for 25 years from Jan. 1, 1916, to the Canadian Northern Ry. Co. As of June 15, 1915, annual rental $122,500, which is increased when any of the $250,000 escrow bonds are issued. Annual rental when $2,000,000 are outstanding $140,000. Rental to be paid direct to the Columbia Trust Co., Trustee, for interest and sinking fund requirements. Under the Railway Act of Canada this rental is payable from the gross earnings of the Railway Company before deduction for interest on its bonded indebtedness. Under terms of lease the Railway Company shall pay all taxes, maintenance charges and keep the property fully insured. In the opinion of counsel it would be impossible, under the Railway Act of Canada, for the Railway Company through receivership proceedings, abrogate or cancel this lease.

Dated Jan. 15, 1920. Interest payable Jan. 15 and July 15 at Guardian Savings & Trust Company, Cleveland.

Tax Status—2% Federal Income Tax paid by the company without deduction. Pennsylvania State Tax refunded.

Authorized $850,000
Outstanding (Jan. 15, '21)..... 722,00
Balance retired.

Denomination—Coupon $100 and $500.

Trustee—Guardian Savings & Trust Company, Cleveland.

Redeemable at 100½ and interest during the first year, at 101 during the second year, and at 102 thereafter.

Guaranteed principal and interest by J. Coughlan & Sons, Ltd. This guaranty becomes inoperative when the second maturity, $212,000 is paid, provided the boat has been completed and accepted.

Organization and Control—Incorporated in Canada to own and operate the vessel pledged to secure this issue. Stock control is owned by J. Coughlan & Sons, Ltd.

Secured by a first mortgage on 8,800 dead weight ton steel cargo vessel now in process of construction, bonds of this issue being outstanding at the rate of about $96 a ton. The contract price of the vessel, without including any builders' profit, is $1,250,000.

Additionally secured by a first mortgage on the shipbuilding plant of J. Coughlan & Sons, Ltd., Vancouver, B. C., where the vessel is being built. This plant has four combination ways, ship sheds, plate, machine and boiler shops, mould loft, fitting-out berths, and, in short, the equipment necessary in a modern plant. The plant is worth in excess of $1,000,000. The mortgage upon it is to be released when the first maturity of bonds, aggregating $128,000, is paid, provided the boat has then been completed and accepted.

The vessel under construction will have Lloyd's 100 A-1 classification, will be 427 feet long, 54 feet beam, 29 feet deep and will have a speed of 11.5 knots an hour. Its power plant will consist of three Scotch boilers, one of triple expansion, engines generating 3,000 h. p.

The trust deed provides for insurance as follows: (a) Upon the material that is to enter into the vessel and upon the vessel itself during construction; (b) upon the completed vessel against all marine risks to its full insurable value, namely: $1,500,000, and never in outstanding bonds; (c) protection and indemnity insurance in an amount never less than 125% of the then outstanding bonds; (d) upon the shipbuilding plant while it is under mortgage to the full insurable value thereof. All insurance is payable to the Trustee as further security for the bonds.

Original Market—$850,000 offered May, 1920, by Tillotson & Wolcott Co., Cleveland, and Cincinnati, on a 8½% basis.

Trustee—Central Union Trust Co., New York.

Organization—Chartered in New Jersey in 1849. Owns 380 miles of road; controls by stock ownership 4 miles, operating agreements for about 254 miles and trackage rights for 46 miles. Total mileage operated about 684.

Capitalization.	Outstanding.
Common	$27,436,800
Funded debt	52,178,000

Control—The Reading Co., owns $14,500,000 of the $27,436,800 capital stock outstanding.

Secured by a direct first mortgage on 156.63 miles of road from Jersey City to Phillipsburg, Jersey City to Newark, Newark to Perth Amboy, High Bridge to Lake Hopatcong, Somerville to Flemington and branches, and a first lien on all of the stocks of subsidiary companies (now merged) owning 223 miles of road in New Jersey, and on all the stock of the New York & Long Branch R. R., owning 38 miles of road from Perth Amboy to Bayhead, N. J. The lines covered by a direct lien form the main line of the road, and afford the Reading System entrance into New York, and also give a line to tidewater from the very extensive anthracite coal mines controlled by the C. R. R. of N. J. The roads covered by the lien on stock are directly connected to that covered by the direct lien, and extend to the southern end of New Jersey, and form part of the shortest rail line between New York and Atlantic City, N. J.

Note—As of May 1, 1919, while the stocks of the companies were covered by the lien of this mortgage, the properites of these companies had been conveyed to the C. R. R. of N. J., but had not been conveyed to the Trustee and in consequence were not under the direct or collateral lien of this mortgage.

Prior Lien—$2,500,000 New York & Long Branch R. R. 1st 5s and 4s of 1941.

Purpose of Issue—To reimburse the corporation for expenditures on the construction of a new smelter, and to provide funds for its completion, part of the cost being met from current earnings.

Denomination — Coupon and registered, $1,000; C. & R. interchangeable.

Trustee—Columbia Trust Co., New York.

Redeemable by operation of sinking fund on any interest date after 60 days' notice at 105 and interest.

Sinking Fund — Semi-annual installments of a sum equal to not less than 20% of the

corporation's net earnings before interest charges and depletion, but in no event less than $840,000 per annum, for the purchase or redemption of these bonds at not over 105 and interest.

Convertible until and including Jan. 1, 1931, or, if called for redemption after 60 days' notice, then until and including the redemption date, into stock of the corporation at the rate of 30 shares of stock for each $1,000 principal amount of bonds, equivalent to a price of $33 1-3 per share of stock.

Organization—Incorporated in New York in 1915 and has acquired the physical properties in Peru formerly owned by the Cerro de Pasco Mining Co. and Morococha Mining Co. Owns the entire capital stock of the Cerro de Pasco Railway Co.

In the summer of 1919 the corporation started the construction of a new modern smelter at Oroya, a central point for Cerro and Morococha ores, and to build a railway cutoff from Morococha to Pachachaca on the Central Railway. As of Dec. 14, 1920, the cutoff was about completed and the new smelter well under way.

The Corporation's mining properties consist of an extensive area of valuable mining claims comprising more than 5,900 acres. These properties are being worked by modern systems of shafts, drifts, crosscuts, etc. The total underground workings aggregate more than 20 miles in length. The ore reserves and the copper and silver contents, according to the last engineers' reports(are considerably larger than they were when the corporation was organized in 1915. Taking into account the nature of the ore deposit and the record of production, the engineers estimate that there is in the mines many years' supply of smelting ore in addition to the prospective ore not estimated. In addition to copper ore reserves, deposits of oxidized silver and silver pyrite are estimated in excess of 100,000,000 tons. Of this tonnage about 18,800,000 tons are definitely reported and the contents are calculated at over 200,000,000 ounces of silver.

The Corporation also owns an extensive coal mining area covering over 2,000 acres of land, and through its subsidiaries an even larger acreage of coal lands not yet opened up.

The Corporation also owns and operates two hydro-electric plants having an aggregate capacity of over 16,000 h. p. The aggregate length of transmission lines is over 120 miles. The Cerro de Pasco Railway is 125 miles in length and connects with the Central Railway of Peru at Oroya.

The approximate average annual output in the last five years has been 64,155,922 pounds of copper, 5,220,540 ounces of silver and 27,725,068 ounces of gold.

Capitalization.	Outstanding.
Common	898,230 shs.

CHESAPEAKE & OHIO RAILWAY CO.

Incorporated in Virginia in 1868 as the Chesapeake & Ohio R. R. Co. The road was sold under foreclosure in 1878 and purchased by the present company, which was reorganized without foreclosure 1888.

The company owns 2,128.5 miles of road, controls through ownership of entire capital stock 261 miles and leases, or has trackage rights over 262 miles of road.

The lines owned or controlled extend from Old Point Comfort and Newport News, Va., through Richmond, Va., with two lines from Richmond to Clifton Forge, Va., to Charleston, W. Va., Cincinnati, Ohio, Chicago, Ill., and Lexington, Ky. The company has trackage rights into Washington, D. C., and Louisville, Ky. The lines of the company traverse the soft coal fields of Virginia, West Virginia and Kentucky, and three-quarters of the company's freight tonnage is in the product of mines.

The C. & O. R. R. Co. owns $8,800,000 of the $11,000,000 stock of the Hocking Valley Ry. Co., which company owns 350 miles of road from Toledo to Athens and Pomeroy, Ohio. At Athens this road connects with the Kanawha & Michigan Ry.

Denominations—Coupon, $500, $1,000 and multiples of $1,000; interchangeable and registerable as to principal.

Trustee—Bankers Trust Co., New York.

Redeemable on any interest date upon 30 days' notice at 102½ and interest.

Sinking Fund—Monthly, beginning Oct. 1, 1920, the sum of $25,000 plus any and all moneys derived from the sale of first and refunding bonds pledged to the sinking fund of that mortgage. This fund is to be applied to the purchase or redemption of these bonds at not over 102½ and interest. Bonds so acquired shall be kept alive and interest added to this fund.

Organization and Control—See Gen. 6s.

Secured by pledge of $9,800,000 (total issue $22,250,000) 1st & Ref. 5s, Series A, due Sept. 1, 1962.

The 1st & Ref. 5s are a first lien on the "clearing yards," comprising 1,810 acres, having 150 miles of yard track and other facilities, costing about $10,000,000, and a junior lien on the remaining property of the company, including 137.7 miles of main tracks and 237 miles of yard and siding track in and around Chicago, valued at $118,000,000.

Further secured by pledge of a supplemental contract of leasing dated Sept. 1, 1920, between the company and its five proprietary tenants, whereby said tenants have agreed that each will pay monthly directly to the trustee as additional rental to that received in prior leases a sum of money equal to one-fifth of the monthly sinking fund payment of $25,000.

Additional 1st & Ref. 5s outstanding are held as collateral for $8,000,000 15-Year 6% collateral for $1,000,000 15-year 6% notes, due September, 1935, issued to the Belt Railway Company of Chicago.

Prior Liens—	Outstanding.

CHICAGO BY-PRODUCT COKE CO. 1st 7s. Due $867,000 each Feb. 1, from 1924 to 1937, incl., and $862,000, 1938.

Dated Feb. 2, 1920. Interest payable Feb. 1 and August 1 at Union Trust Company, Pittsburgh, or Guaranty Trust Co., New York.

Tax Status—2% Federal Income Tax paid by the company without deduction. Pennsylvania State Tax of four mills refunded. Also payable without deduction of any Illinois State Tax, payable at source.

Authorized $13,000,000
Outstanding 13,000,000

Purpose of Issue—To provide funds for plant construction.

Denomination—Coupon, $1,000; registerable as to principal.

Trustee—Union Trust Company, Pittsburgh.

Denomination—Coupon, $1,000; registerable as to principal only.

Redeemable on four weeks' notice on any interest date on and after Feb. 1, 1926 at 102 and interest. If redeemed in part bonds last maturing shall be retired first by lot.

Guaranteed principal and interest by the Koppers Company and the Peoples' Gas Light & Coke Company of Chicago, by endorsement.

Organization and Control—The Koppers Company of Pittsburgh has organized the Chicago By-Product Company, under the laws of Delaware, and has contracted to construct and complete for that company at Chicago, Ill., a combined water-gas plant and by-product coke plant. All capital stock of the latter company is controlled by the Koppers Company.

Capitalization.	Outstanding.
Common (no par)	45,000 shs.
Funded debt	$13,600,000

Secured by a first mortgage on the entire real estate and on the combined plants of the company. The company's plants will be constructed on a site comprising 160 acres in Chicago, and will have a combined minimum initial capacity of 30,000,000 cubic feet of gas daily in addition to coke and other by-products.

As additional security the Koppers Company has pledged with the Trustee as part security for these bonds certain collateral having a value based on present quoted prices in excess of $13,000,000. This collateral at present consists of 8,000 shares of stock of the Aluminum Company of America and 20,000 shares of stock of the Gulf Oil Corporation.

The Koppers Company covenants with the Trustee that the market value of such collateral will be maintained at all times at least equal to the principal amount of bonds of this issue outstanding, and certain individual directors of The Koppers Company (who represent ownership of a majority interest in that company and who have furnished this collateral as and for additional security) irrevocably agree with The Koppers Company to supply further collateral for this purpose in the event that it is required. Other marketable securities may be substituted for the pledged securities from time to time, in whole or in part, with the consent of the Trustee, and withdrawals from the collateral may be made, provided the aggregate value shall be maintained as above.

Chicago By-Product Coke Company and The Peoples' Gas Light and Coke Company, of Chicago, have entered into a contract under the provisions of which the latter company has both leased the water-gas plant for a period of twenty-five years and also has contracted to purchase the entire output of gas and coke from the by-product plant, for a like period. In this contract the annual rentals from the lease of the water-gas plant are favorable to the Chicago By-Product Coke Company and only basic prices for the gas and coke from the by-product plant are fixed, a provision having been made for a sliding scale of prices which will operate to insure against fluctuations in the coal and labor markets, which might otherwise affect the net revenue derived from the by-product plant. These combined plants have been so planned that they can be readily expanded to a daily capacity of more than 100,000,000 cubic feet.

Original Market—$13,000,000 offered February, 1920, by the Union Trust Co. and Mellon National Bank, Pittsburgh; Guaranty Trust Company, New York, and Halsey, Stuart & Company, New York, Chicago, etc., at 99 and interest.

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY CO.

Incorporated in Illinois and Iowa in 1880.
The company owns 6,832 miles of road, leases 109 miles, has trackage rights over 607 miles and controls through stock ownership 469 miles of road. The lines operated extend from Chicago via Omaha to Denver and Pueblo, Colorado, St. Paul, Minn., Watertown, N. D., Kansas City, Ft. Worth, Dallas and Galveston, Tex., and Santa Rosa, N. M., and from Memphis Tenn., to Tucumcari, N. M., with numerous branches.
From 1902 until 1914, $71,353,500 of the $75,000,000 stock was owned by the Chicago, Rock Island & Pacific R. R. Co. and deposited as security for an equal amount of collateral trust bonds of that Company. In 1914 the railway company discontinued the payment of dividends, and as a result of this action the railroad company defaulted in the payment of interest on its collateral trust bonds, and in the latter part of 1914 this stock was sold under foreclosure, and distributed pro rata to the collateral bondholders. In April, 1915, the Railway Company was placed in hands of receivers. In June, 1917, receiver was discharged. Reorganization was completed without foreclosure.
Under reorganization plan of Nov., 1916, the stock was assessed $40 per share, and the 20-Year Deb. 5s exchanged for 100% for 6% Cumulative Preferred Stock and received in cash the 5% arrears of interest due July 15, 1916.

Organization—Incorporated in Delaware in August, 1918, as the Sammies Oil Corporation; present name adopted in 1919. The corporation is engaged in producing, refining, transporting and marketing petroleum and its products.

Capitalization.	Outstanding.
Common (no par)	200,000 shs.
Funded debt	$1,200,000

Secured by pledge of the following securities:

(a) 100% of the Capital Stock of the Sammies Oil Corp. of Texas.

(b) 60% of the issued stock of the Sammies Oil and Supply Company of Sioux City, Iowa.

(c) 40% of the stock of the Falcon Oil Association of Texas.

Under the provisions of the trust agreement, the Company agrees that so long as any of the bonds are outstanding, it will create no mortgage or lien upon any of its property, but the Company may purchase additional property, giving in part payment purchase money mortgages; and, further, that while any of these bonds are outstanding no funded indebtedness of any kind shall be created without the consent of Frazier & Co.

The oil and gas properties of the Choate Oil Corporation and its subsidiary companies comprise leaseholds of oil lands, producing oil and gas wells, pipe lines, an operating refinery, steel tankage, retail and wholesale filling stations, a municipal gas franchise, tank cars, railroad trackage and loading racks. It has an established marketing organization which handles the "Sammies" brand of refined products.

The Corporation owns leases on approximately 30,000 acres of oil properties, located in the States of Oklahoma, Texas and Louisiana in the territory known as the Mid-Continent Field.

The oil and gas production is located in the Healdton Field, Healdton, Oklahoma; in the North West Extension of Burkburnett, Texas; the Ranger Field, Ranger, Texas; and the Pine Island Field, Caddo Parish, Louisiana. The approximate daily production is 5,000 barrels from 28 producing wells.

The Healdton and Pine Island oils are not so high in gasoline content as the Ranger and Burkburnett, but they are most valuable on account of their very high lubricating oil content.

In addition the Corporation owns in this location steel storage tanks having a capacity of 66,200 barrels, together with 18 miles of distributing gas pipe lines, supplying the City of Ranger, Texas, with gas for commercial and domestic uses.

The properties of the Corporation also comprise a half interest in several pipe lines which are used as gathering lines from the Burkburnett Pool and North West Extension. These lines transport the oil from the different wells in this field to the Corporation's tanks and loading rack, built to load tank cars destined for the Corporation's refinery and for the general crude oil market.

At Oil City, La., the Corporation owns steel storage tanks with a capacity of 110,000 barrels, together with preliminary construction to double this capacity. These tanks are now connected by pipe lines with the Corporation's producing wells in the Pine Island Field.

The Corporation's refinery is located at Oklahoma City. The capacity of the refinery is 2,000 barrels per day, of which 1,500 barrels are obtained from the skimming plant, together with 500 barrels of lubricating oil, with a total storage capacity of 55,000 barrels. Corporation owns its own "cracking" process. Transportation facilities include 100 tank cars now in service. The Corporation's retail and wholesale stations are located in Oklahoma and Iowa, its central distributing points being Oklahoma City and Sioux City, Iowa, together with a number of retail filling stations radiating from each of these. The Corporation supplies the city of Ranger, Texas, with natural gas under a forty-year gas franchise. This plant includes 18 miles of gas mains. The Corporation's properties have been valued at $4,125,000.

CITIZENS TRACTION CO. (Pittsburgh) 1st 5s. Due Oct. 1, 1927.

Dated Oct. 1, 1887. Interest payable April 1 and Oct. 1, at Union National Bank, Pittsburgh.

Tax Status—2% Federal Income Tax paid by company without deduction. Tax exempt in Pennsylvania.

Authorized $1,250,000
Outstanding 686,000
Retired 564,000

Denomination—Coupon, $1,000. Registerable as to principal.

Trustee—Fidelity Title & Trust Co., Pittsburgh.

Guaranteed principal and interest by the Fort Pitt Traction Co. under the terms of the lease.

Organization—Incorporated in Pennsylvania.

The Citizens' Traction Co. owns the entire capital stocks of the Citizens Passenger Ry. Co., Transverse Passenger Ry. Co., Aspinwall St. Ry. Co., Penn Street Ry. Co., and Highland Park & Butler St. Ry. Co.

The Citizens Traction Co. also leases for 98 years from 1887 the property of the Citizens Passenger Ry. Co. which in turn leases the property of the Transverse Passenger Ry. Co. for 99 years from 1886.

The Citizens Traction Co. does not own any mileage. The mileage owned by the above subsidiaries is as follows:

	Miles
Citizens Pass. Ry.	20.65
Transverse Pass. Ry.	9.89
Aspinwall St. Ry.	1.436
Penn. St. Ry.	4.15
H. P. & B. St. Ry.	2.02
Total	38.146

Franchises are perpetual or for 999 years.

Capitalization	Outstanding.
Common	$3,000,000
Funded debt	686,000

Control—Leased to the Fort Pitt Traction Co. for 950 years from 1895, at an annual rental of $181,500. Under the terms of the lease the Fort Pitt Traction Co. assumes all the floating and mortgage debt of the company. The $3,000,000 capital stock of the Citizens company is not under corporate control. All the property of the Fort Pitt Traction Co. is operated by the Consolidated Traction Co. under an operating agreement. The latter company also owns all of the $3,000,000 capital stock of the Fort Pitt Traction Co.

The Consolidated Traction Co. owns the entire capital stock of the Fort Pitt Traction Co. and operates its property under an operating agreement.

The Consolidated Traction Co. is controlled through stock ownership by the Philadelphia Co.

Secured by a first lien on the entire capital stocks of the Transverse Passenger Ry. Co. ($300,000) and Citizens Passenger Ry. Co. ($200,000). The Transverse Passenger Ry. Co. owns street railway lines extending from Water St. on Wood St. to Liberty Ave. and on Liberty Ave. to 23rd St., and also on 16th St., from Liberty Ave. over the Allegheny River to Spring Garden St. and on Spring Garden St. to the city line.

The Citizens Passenger Ry. owns street railway lines extending on Penn Ave. from Sandusky St. to Frankstown Road and on Frankstown Road to Washington Boulevard, and on Butler St. from 34th St. to the Sharpsburg Bridge. All of the above mileage is free from bonded debt, but there is no clause in the mortgage securing these bonds which prevents the companies whose stocks are deposited from mortgaging their properties.

Note—Neither the securities nor properties of the Penn. Street Ry. Co. (owning 4.15 miles of street railway from Frankstown Ave. and Washington Boulevard to Wilkinsburg), Aspinwall Street Ry. Co. (owning 1.436 miles from the Sharpsburg Bridge through Sharpsburg and Aspinwall), and Highland Park & Butler Street Ry. Co. (owning 2.02 miles), are covered by the lien of this mortgage. The Penn Street Ry. Co. has outstanding $250,000 first mortgage 5% bonds due 1922 and guaranteed by the Citizens Traction Co.

Trustee—Central Union Trust Co., New York.

Redeemable prior to Jan. 1, 1915, at 110 and interest, between Jan. 2, 1915, and Jan. 1, 1920, at 107½ and interest, between Jan. 2, 1920, and Jan. 1, 1925, at 105 and int., between Jan. 2, 1925, and Jan. 1, 1928, at 102½ and interest, and thereafter at par.

Sinking Fund—5% of gross earnings, payable every six months, to be applied to the purchase of these bonds at not exceeding 110 and interest. If not purchasable bonds shall be called.

Protective Committee — James Simpson, Chairman, and Robert Struthers, with Emerson W. Judd, Secretary, 5 Nassau St., New York, and Central Union Trust Co., New York, Depository.

Organization and Control—Incorporated in Colorado in 1897. Practically the entire capital stock is owned by the Colorado & Southern Ry. Co. The lease of the property to the Cripple Creek & Colorado Springs R. R. Co. was terminated July 15, 1919. All of the stock of this company is owned by the Cripple Creek Central Ry. Co., which is a holding company.

Capitalization	Outstanding
Common	$1,200,000
Preferred	800,000
Funded debt	2,667,878

Receivership—In May, 1919, George M. Taylor was appointed receiver.

Foreclosure—See 1st Cons., 5s.

Status April 1, 1920—The company operated its own road until 1905 in which year the Colorado & Southern Ry. Co. acquired a majority of the stock. The latter company operated the road as a part of its system until 1911, in which year it leased the property to a connecting line, the Florence & Cripple Creek R. R. Co. This lease was assigned in 1915 to the Cripple Creek & Colorado Springs R. R. Co., successors to the Florence & Cripple Creek R. R., at a minimum rental equivalent to the interest and sinking fund payments on all of the bonds of the lessor company. Rental payments were discontinued about May 1, 1918. In a statement of the protective committee it is alleged that the lessee during the summer of 1917 diverted substantially all of the freight traffic to a competitive route between the terminal cities, and since the spring of 1918 operation on the greater part of this road has been suspended altogether until operation was begun by receiver about July 16, 1919. Unpaid taxes amounting to over $150,000 have accumulated against the property. Another cause assigned for the condition of this company is the playing out of gold mining in the Cripple Creek District.

COLUMBIA GRAPHOPHONE FACTORIES CORP. OF MARYLAND 1st 6s. Due $125,000 each Nov. 1 from 1921 to 1934, inclusive.

Dated Nov. 1, 1919. Interest payable May 1 and Nov. 1 at Mercantile Trust & Deposit Company, Baltimore.

Tax Status—2% Federal Income Tax paid by the company without deduction. The company also agrees to refund upon presentation to it of receipted tax bills of State, county or municipal taxes in Maryland, not exceeding 45c for each $100 par value paid by holders of these bonds.

Authorized	$5,000,000
Outstanding	1,750,000
Reserved for Extensions	3,250,000

Provisions of Issue—Additional bonds may be issued for 50% of the cost of future additions and improvements.

Trustee—Mercantile Trust & Deposit Company, Baltimore.

Redeemable at 102½ and interest upon two months' notice.

Guaranteed principal and interest by the Columbia Graphophone Manufacturing Company under the terms of an irrevocable 25-year lease of the property mortgage.

Organization and Control—Incorporated in Maryland in 1919 as a subsidiary of the Columbia Graphophone Manufacturing Company for the purpose of acquiring and building large and modern manufacturing plants in Baltimore, Md., and Toronto, Can. The Columbia Graphophone Manufacturing Company is successor to the American Graphophone Company, whose business was established in 1887.

Secured by a first mortgage on land to be acquired by the company in Baltimore by this company and on buildings to be constructed thereon, and to be secured by a first lien on property to be acquired by the company in Toronto, Can. The two plants together will represent a total investment of over $5,000,000. Simultaneously with the issuance of these bonds there will be deposited with the trustee approximately $5,000,000 so that the bonds will be secured by cash until the same is invested in land, buildings and equipment. The Baltimore plant is to be located in the eastern section of that city and will include a modern factory representing an outlay of $3,600,000, in which will be employed about 6,000 people. The plant in Toronto was recently completed by the Canadian government for the manufacture of airplanes at a cost of over $1,000,000. This company plans to make an additional expenditure of some $800,000 on this plant. The latter plant will employ about 2,500 people.

Lease—All the property mortgaged to secure these bonds will be leased to the Columbia Graphophone Manufacturing Co. for a period of 25 years, or ten years beyond the maturity of the last series. The terms of the lease provide that the Manufacturing Company will assume all taxes, insurance and maintenance charges, and will pay in addition, to the trustee of the mortgage from the date of the bonds, as rental sufficient funds to pay the interest on the bonds outstanding and the serial maturities as they come due. The lease will be assigned to the trustee as additional security for the bonds.

Organization—Incorporated in Nebraska in 1912. Leases the power plant of the Lincoln Traction Co.

Capitalization.	Outstanding.
Common	$2,000,000
Funded debt	750,000

Secured by a first mortgage on certain water rights on the Loup and Blue Rivers in Nebraska and on projected hydro-electric plant with ultimate capacity about 20,000 h. p., when completed; also a lien on steam power plant leased from the Lincoln Traction Co. and on a 49-year contract of the Lincoln Traction Co. to purchase all its electrical power on a sliding scale basis from 1.4c to 1c. per k. w., based on increasing demands of the company. The Lincoln Traction Co. owns and operates 62 miles of street railway and distributes electric light and power to Lincoln, Neb., and vicinity. By installing Diesel (oil burning) engines in place of present steam equipment and by developing hydro-electric plants the company expects to generate electric current at about ½c. per k. w. The company also expects to sell electricity to other public utility companies.

COMPAGNIE DU BOLEO SOCIETE ANONYME (Santa Rosalia French Copper Mines) Deb. 8s. Due $200,000 each March 1 from 1926 to 1930, incl.

Dated March 1, 1921. Interest payable March 1 and Sept. 1 at Equitable Trust Co.

Tax Status—2% Federal Income Tax paid by the company without deduction. Also free from any deductions for taxes imposed on principal or interest by the French or Mexican Government now or in the future.

Authorized $1,000,000
Outstanding 1,000,000

Purpose of Issue—To reimburse the company for expenditures made in this country for equipment to change the furnaces from coke to oil burning and for an oil tank steamer.

This loan is being made in the United States for the reason that most purchases are made here, and it is more advantageous, on account of the present exchange conditions, to finance here than to transfer funds from France.

Denomination — Coupon and registered $1,000.

Trustee—Equitable Trust Company, New York.

Redeemable at any time at 102 and interest upon 30 days' notice.

Organization—The Compagnie Du Boleco is a French corporation, with its home office in Paris, but the properties are located at Santa Rosalia, Lower California. These properties consist of 50,000 acres of mining properties and 1,500,000 acres of land. The company has been operating in Mexico for thirty-five years without interruption. It maintains offices in the City of Mexico and in San Francisco, California. The company has paid dividends uninterruptedly for the last twenty-eight years. Outside of the original contribution of 12,000,000 francs to the capital stock, there has been a bond issue of 6,000,000 francs which has been repaid. The company has written off and has put back into the property approximately 200,000,000 francs. Under normal conditions the company employs about 4,000 men and they, together with their families, all of which are housed and fed by the company, make a colony of between 12,000 and 13,000 people in Santa Rosalia. The company maintains a smelter, composed of seven furnaces with a smelting capacity of 1,500 tons per day; a power house of approximately 3,000 H. P. equipped with all modern machinery; 15 miles of narrow gauge railroad, together with about 220 flat cars and 9 locomotives. The Port of Santa Rosalia, which has ben built by the company, is a closed modern port, with an anchorage of about 40 acres, equipped with all modern harbor facilities. The company owns five steamers conservatively valued at $1,000,000, together with many lighters, tugs, tenders. The oil storage capacity of the company consists of three reservoirs with a total capacity of 1,150,000 barrels, connected by a pipe line able to unload tank steamers. The total output of the Boleo Mines to date has been over 660,000,000 pounds of copper. The properties are being worked by modern system of shifts, drifts, crosscuts, etc. The total underground workings aggregate more than 100 miles in length. Notwithstanding this great production, the ore reserves according to the last engineers' reports are considerably larger than when the corporation aws organized, and the engineers estimated that there is in the mines many years of supply of smelting ore in addition to the prospective ore not estimated.

Dated May 1, 1921. Interest payable May 1 and Nov. 1 in New York, Boston and Chicago.

Tax Status—2% Federal Income Tax paid by the company without deduction. Pennsylvania State Tax refunded.

Authorized .....Unlimited.

Outstanding $6,500,000

Reserved for Prior Liens..... 1,000,000

Issuance Restrictions—Additional Bonds may be issued for 75% of the cost or fair value, whichever is less, of additional electric, water power or gas properties in Connecticut, or of additions or improvements and then only when net earnings, applicable to interest and rentals, for 12 months within 15 months immediately preceeding the issue, shall have been at least 1¾ times the total annual interest and rental charges, including interest on the Bonds sought to be issued; excepting only that not exceeding $2,500,000 Bonds may be issued, regardless of this earning provision, for 50% of the cost or fair value, whichever is less, of additional electric or water power developments on which this mortgage will be a first lien. Bonds for the additional 25% of such cost shall not be issuable until net earnings are at least 1¾ times all interest and rental charges, including interest on all bonds outstanding and those then sought to be issued.

Purpose of Issue—The proceeds of these $6,500,000 Bonds, together with the simultaneous sale of $2,990,000 8% Preferred Stock, will retire all floating debt, and in addition will furnish more than $500,000 cash for future construction. This floating debt was incurred chiefly for the construction of a new hydro-electric power plant having a present installed capacity of 25,000 horse power at Stevenson, on the Housatonic River, and transmission lines, substations, etc., in connection therewith, costing in all about $6,800,000. This plant was completed in March, 1920. It has largely increased the company's output and sales of electric current and greatly lowered the cost of production.
